- Development subject to Vista Field Design Standards & Owners Associations

Build at Vista Field

Vista Field is designed to be a unique space, blending mixed-use neighborhoods and urban lifestyle amenities.

The shovel-ready development site is in the Tri-Cities, in eastern Washington. The Tri-Cities has a population of 304,000 and comprises the cities of Kennewick, Pasco and Richland and surrounding communities. The site's 103-acres will be developed in phases.

Vista Field is a Port of Kennewick project. Contact Amber Hanchette with questions or for a site tour.
